

## Welcome to Submarines Series

Here's a user guide to help you get the most out of our site. On Submarines Series you can enter keywords in the search bar (circled in red) to find series or series names.

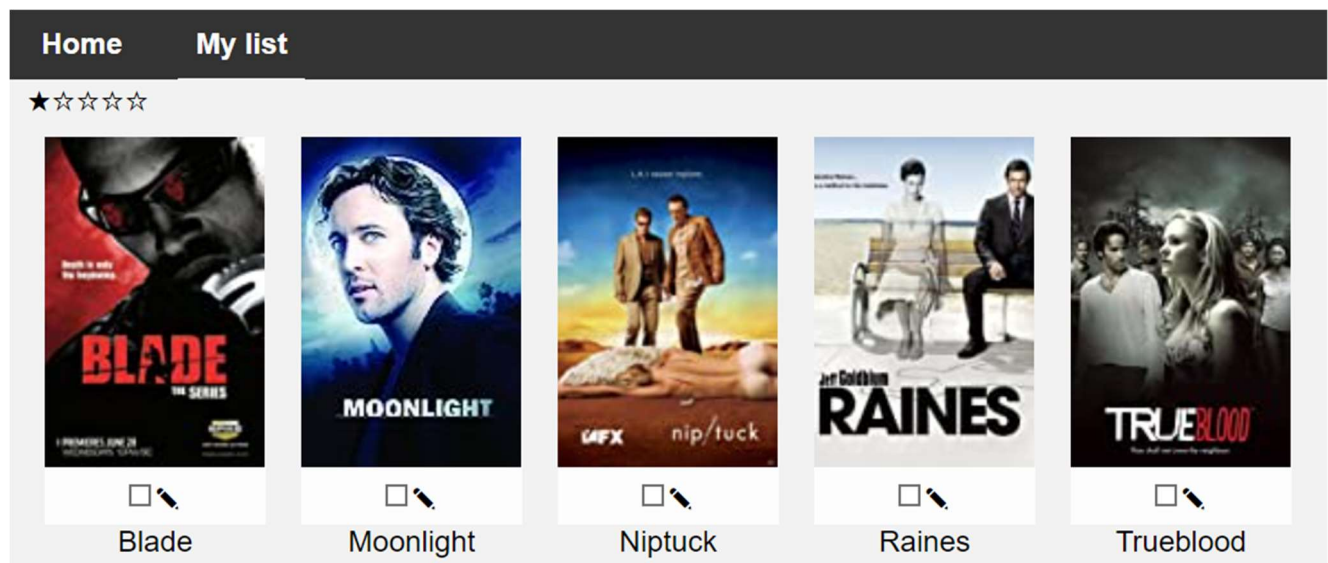

Once your search has been validated, you will be taken to the page containing the results of your search. The search bar is always present at the top of the page, allowing you to perform further searches.

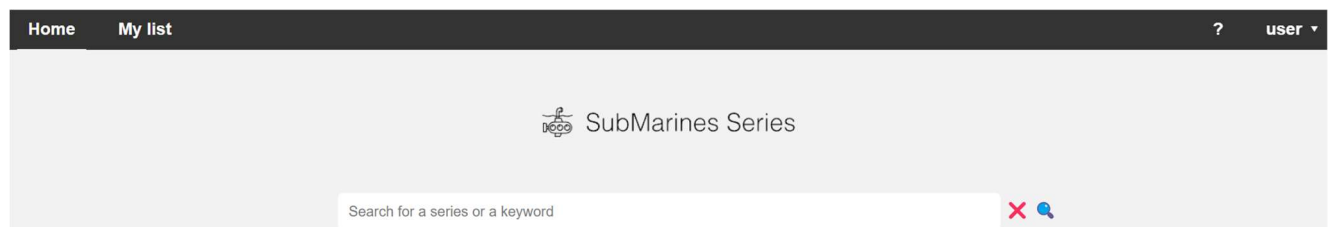

You can use the star rating to express your opinion and validate using the button at the bottom of the page.
